Visas

To enter Egypt, you must obtain a tourist entry visa from the Egyptian government. These may be obtained at any Egyptian embassy or consulate in your home country. After arriving in Cairo and registering at AUC for full-time enrollment, international students will apply for a student residence visa. This second visa requires a study approval by the Egyptian government that can take four to six weeks. To speed up the process, we ask you to submit the International Student Data Form and a photocopy of your passport information page at the time you apply for admission.
