Any errors or omissions in your application may lead to delays in its processing.

Application for Admission

1. Please enter your full name as it appears on your valid Egyptian national ID card or your valid passport. If your name has changed, you must provide official documentation and a brief letter explaining any other names you have used. Your family name should be entered last.

This information is used for statistical purposes and determining tuition levels.
3. If you have been issued a Social Security number (SSN) by the Canadian or U.S. government, your SSN is required if applying for U.S. financial aid via FAFSA, the Hope Scholarship or for U.S. IRS tax purposes. If you have a Social Security number, it will not be used as your student ID number by the University. You will be issued an AUC student ID number. Providing your Social Security number and passport information is not required for admission consideration.

International nondegree applicants are advised to provide a minimum of six courses as choices.
14. Nondegree applicants must provide information regarding the university education received, starting with the most recent degree first. Information should be provided even if you did not complete a program or if university credit was not given.
